# HOVERLA ACTIVITY

## Emergency response support

USAID Governance and Local Accountability (HOVERLA) works with the Government of Ukraine (GOU) to advance and strengthen decentralization reform by supporting local governance institutions to become more self-reliant,

accountable to citizens, and able to provide services effectively.

USAID HOVERLA Activity received requests from its local council partners for generators to supplement energy supply. This resulted in the delivery of

**360** generators to **7** Oblast State Administrations of Lviv, Odesa, Poltava, Rivne, Volyn, Zakarpattia, Zhytomyr and **65** USAID HOVERLA partner communities by the end of November 2022\*.

Volyn Oblast

Rivne Oblast

Zhytomyr Oblast

Poltava Oblast

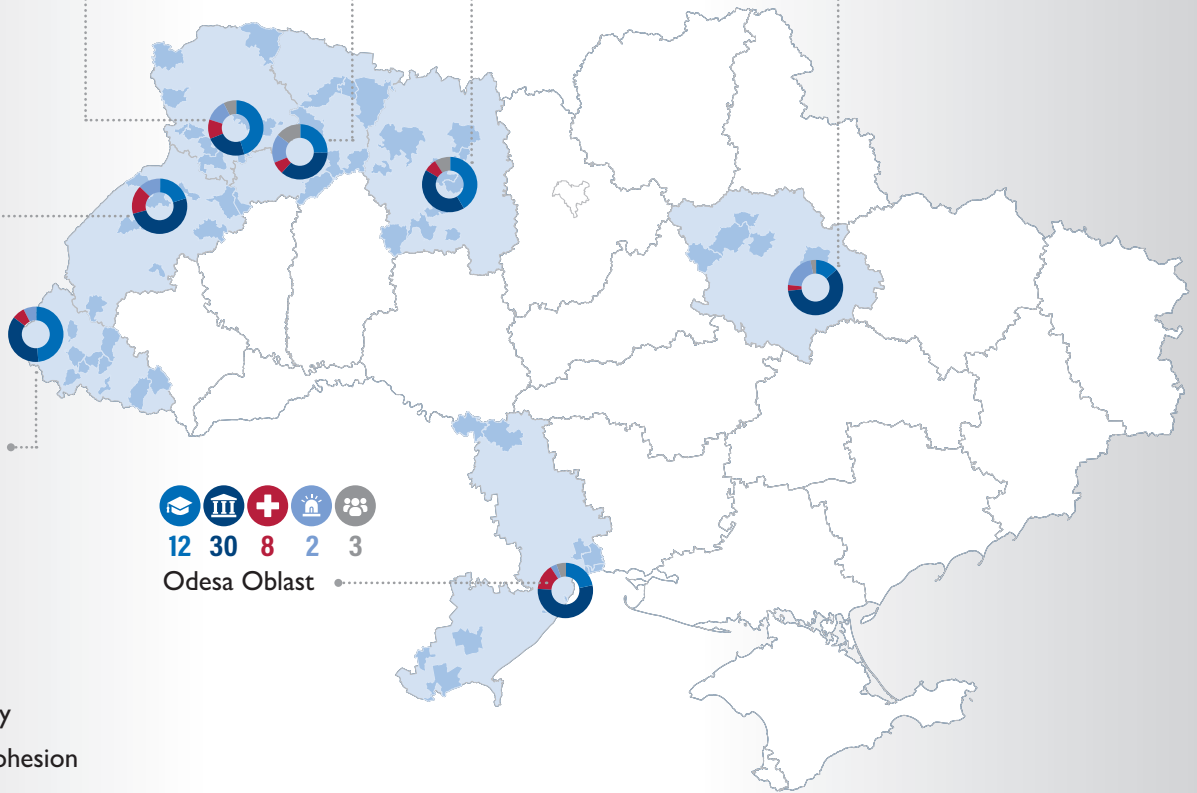

Lviv Oblast

Zakarpattia Oblast

Odesa Oblast

- Education
- Governance
- Healthcare
- Municipal Safety
- Community Cohesion

"I thank USAID HOVERLA Activity for providing us with this equipment to help us during the winter. This is an important step for building safe and prosperous communities in the Rivne Oblast. **Together we can do more!**"

Vitaliy Koval  
Head of Rivne Oblast Military Administration

\* USAID HOVERLA is procuring an additional 205 generators with a range of 50kW-120kW power capacity. The generators will serve as a secondary energy supply source.

# HOVERLA ACTIVITY

Emergency response support

## EDUCATION

Keeping kindergartens, schools, Department of Education district offices, and special education institutes open. Some of the schools have been used as IDP temporary shelters as well as air raid shelters.

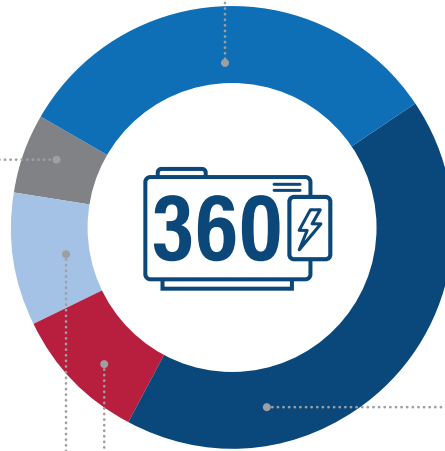

## COMMUNITY COHESION

Strengthening community cohesion and resilience. Recipients have included youth centers, IDP shelters, vocational training centers, orphanages.

## GOVERNANCE

Supplying power to city and village council buildings. Offsetting the energy needs in administrative services centers, utilities offices, water supply facilities, electricity stations, heating stations.

## MUNICIPAL SAFETY

Strengthening municipal safety and emergency response. Ensuring services provision by local fire departments, regional military administrations, State Emergency Services firefighting and rescue units, police departments, and voluntary civil defense centers.

## HEALTHCARE

Ensuring uninterrupted work of local healthcare system. Supporting district hospitals, primary health care centers, paramedic and midwifery points, regional centers of emergency medical aid, regional children's hospitals, and outpatient clinics.

To date, over **1,806,000** citizens in **65** municipalities of Lviv, Odesa, Poltava, Rivne, Volyn, Zakarpattia, Zhytomyr Oblasts have benefited from USAID HOVERLA support

The USAID "Governance and Local Accountability" (HOVERLA) Activity supports the Government of Ukraine in implementing decentralization reform by supporting local self-governments in becoming more self-reliant, accountable and able to deliver effective services. The Project support covers 7 oblasts and more than 65 communities.
